Explain whether different criteria were given precedence over immediate price and cost when executing retail client orders and how these other criteria were instrumental in delivering the best possible result in terms of the total consideration of the client	The Firm is not authorised to execute orders for retail clients.
Explain how the investment firm has used any data or tools relating to the quality of execution	The Firm and its sub-investment managers, where appropriate, have developed systems to assess the quality of execution on all trade flows and additionally for quality control purposes on an in-depth sample basis.
Has the investment firm used output of a consolidated tape provider?	The Firm uses Bloomberg as its primary market data feed.

Equity Derivatives – Options & Futures admitted to trading on a venue Please explain the importance the firm gave to the execution factors of price, costs, speed, likelihood of execution or any other consideration including qualitative factors when assessing the quality of execution.	The Firm only trades a small level of CFD's, and the majority of these are single stock futures, sector baskets and index futures priced based on publically available securities prices. Execution is through a single execution venue which is subject to rigorous periodic DD reviews. The same "Best Execution" factors apply to the CFD's as the underlying securities.
Describe, if any, any close links, conflicts of interests and common ownerships with respect to any execution venues used to execute orders	The Firm has no close links with the execution venue.
Describe, if any, any specific arrangements with execution venues regarding payments made or received, discounts, rebates or non-monetary benefits received	The Firm has no direct specific or generic arrangements with execution venues regarding payments or non-monetary benefits. Sub-Investment Managers appointed by the Firm to manage specific sub-funds may receive research reports or access to conferences provided by execution venues and brokers where this is allowed under the local regulatory rules under which they operate. The Firm overseas these "soft dollar" arrangements to ensure they do not impact "Best Execution".
